

WATCH PARTY

Do you want to make a difference for women?

...Do you want the world to see women's strength and capacity?

The film centres the four women's experiences and voices - and *Own My Life* plays an important part in jailing the abuser.

...Do you struggle to explain how men coercively control women?

But far from being a True Crime story, the film centres the women's strength, joy and relationships with each other.

...Do you want to spread joy, positivity and educate all those you know about men's violence?

Why not tune in? Gather your closest friends and family, get the tissues ready, and please spread the word too!

LOVER LIAR PREDATOR will be available from 9pm on 1st February on BBC iPlayer.
